- A. Zavlanos
Invitation

Dear colleagues,

It’s our privilege, to welcoming you to the 8th South East European Congress of Perinatal Medicine (SEESPM), in Athens, Greece.

The SEESPM, founded in 2002, is a scientific organization on perinatal medicine and includes the perinatal societies of thirteen (13) countries in southeast Europe, which covers a large geographical area from Slovenia and Moldavia through Turkey and Cyprus. Specifically cooperating Perinatal Societies are from Albania, Bulgaria, Bosnia–Herzegovina, Croatia, Cyprus, Greece, Moldavia, Montenegro, N. Macedonia, Romania, Serbia, Slovenia, Turkey.

Perinatal medicine has a major implication not only for the individuals but also for the societies. The philosophy of this society is not based only to the exchange of expertise between Obstetricians, Neonatologists and any staff dealing with birth, but especially on friendship. Nevertheless, we need to expand our society, increase cooperation’s between the member countries and be able to draw our won perinatal results.

Athens offers visitors a unique experience. A journey in its 6,000-year history, including the chance to see renowned monuments and masterpieces of art. You get an uplifting, embracing feeling in the brilliant light of the Attic sky, surveying the charming landscape in the environs of the city (the indented coastline, beaches and mountains), and enjoying the modern infrastructure of the city and unique verve of the Athenians. Year-round visitors are fascinated by Athens, one of the most attractive and charming capitals of Europe.

We are looking forward to welcome you in Athens!

The President of SEESPM
Prof. OLIA Kontic

The President of the Congress
Prof. Nikolaos Papantoniou

Welcome
